Reiki Brigade Ethics and Standards of Practice

We offer Reiki to our partner populations to serve those populations, raise awareness of the benefits of Reiki, improve the image of Reiki within our greater community, and shift the paradigm of wellness towards a more holistic, mind/body approach. With that in mind, we ask that you honor these standards when representing Reiki within Reiki Brigade Outreach Programs and elsewhere.

1. **Indemnity:** In agreeing to assume responsibility for your own actions, you indemnify the Reiki Brigade in the event of illness or injury resulting from your participation.
2. **Professionalism:** Project a professional image for yourself and the practice of Reiki. Dress appropriately/conservatively. Be on time. Value Reiki recipients who honor us with their trust and treat them with respect. *Never make sexual comments, jokes, innuendos, or touch Reiki recipients inappropriately.* The root chakra (and heart chakra for women) is to be accessed via hovering in the field. Be mindful of how this may appear to onlookers unfamiliar with our work.
3. **Ambience:** Create as safe, comfortable, and harmonious a space for the sessions as possible, making the most of seating, lighting, music, temperature, and aroma.
4. **Waivers:** All recipients must sign and date the provided waiver before their session. Practitioners initial the form where indicated.
5. **Educate:** Inform Reiki recipients of the benefits of Reiki, and that Reiki is not a substitute for medical attention. If someone has a medical or psychological condition, suggest that in addition to receiving Reiki, they also see a licensed healthcare provider.
6. **Non-Interference:** We do not diagnose medical or psychological conditions or prescribe medications. We never suggest that a client change or end dosages of substances prescribed by other licensed healthcare providers or interfere with the prescribed treatment of a licensed healthcare provider.
7. **Confidentiality:** In compliance with HIPAA laws, no health information about Reiki recipients is to be disclosed to any third party without the written consent of the client or the parent or guardian if the client is under 18 years of age.
8. **Value:** Because we are working to elevate the perceived value of Reiki in our greater community, our outreach programs involve 10-minute Reiki demos. On occasion we will be asked to provide longer sessions, and you will be informed at the onset of the event if this is the case.
9. **Respect:** Respect all Reiki practitioners, teachers and practices regardless of lineage. We are all on the same team.
10. **Self Care:** Use Reiki and all other means available to you to continue healing yourself on all levels so as to fully express the Reiki Principles in all facets of your life.
11. **Personal Promotion:** Because the Reiki Brigade is a 501c(3) NFP, it is inappropriate to use these events to promote our individual private practices. However, we do wish to provide Reiki resources to participants beyond our sessions and handouts. When people want to know where to get more Reiki, we pass out our Reiki Resource List, which includes non-Brigade providers throughout Chicagoland. If you are a professional practitioner in good standing, we can add your contact info to this List.
12. **Transparency:** If you see another volunteer behaving in a manner inconsistent with these Standards, please bring it to Heather's attention.

I agree to comply with the Ethics and Standards set forth in this document. I acknowledge that failure to comply may result in consequences ranging from my dismissal from Reiki Brigade programs to legal ramifications.
