

Multi-Year Report

2011 - 2022

EXECUTIVE SUMMARY

Our founder, Heather McCutcheon, began this work in 2011 as a labor of love and service. After a decade, demand for our Reiki services exceeded capacity to sustain this model without funding, and she enlisted a fiscal sponsor to enable financial transactions. We would not be here without these foundational years, which built our resume, reputation, network, and most importantly, raised awareness of the benefits of Reiki throughout Chicago. "Thank you" is not enough gratitude for the dozens of volunteers who supported this Herculean effort.

MISSION

To promote peace within individuals, communities, and society as a whole via Reiki energy healing. We support non-violence efforts by collaborating with other service organizations, and serving groups of individuals who experience high levels of stress.
